Distributor's notes

Enjoy the aromas of fresh cherries, boysenberry, black pepper, rose hips, and papaya, while savoring its silky texture and vanilla-hapelnut finish. This luscious wine is a great complement to red meats of all kinds, grilled chicken and fish or pair with aged cheese and even dark chocolate.

About the producer

Our winery is located on our vineyard premises, which allows for ease of Estate fruit to be delivered quickly for optimum character extraction of the grape. Our fruit is then cold-soaked for extended maceration allowing all of the essence of the fruit to shine forth.

We age the wine in French and American oak for 2 - 3 years. Once the wine is ready to be bottled, careful deliberation is made in deciding which barrels are chosen for each blend.

Currently we offer five blends, four of which are from Estate grown fruit. In addition, we also produce single varietal releases such as Cabernet Sauvignon, Petite Sirah, Malbec, Old Vine Zinfandel, Pinot Grigio and more.
